

# LOUISIANA BIRD RECORDS COMMITTEE

## REPORT FORM

This form is intended as a convenience in reporting observations of species on the Louisiana Bird Records Committee (LBRC) Review List. The LBRC recommends the use of this form or a similar format when submitting records for review to assure that all pertinent information is accounted for. Attach additional pages or files as necessary. Please print or type for hard copy. For electronic copy, be sure to save this file to your computer before entering text. Attach field notes, drawings, photographs, or tape recordings, if available. Include all photos for more obscurely marked species. When completed (if hard copy), mail to Secretary, Louisiana Bird Records Committee, c/o Museum of Natural Science, 119 Foster Hall, Louisiana State University, Baton Rouge, LA 70803-3216, or e-mail electronic copy as an attachment to Paul Edward Conover at <[zoiseaux@lusfiber.net](mailto:zoiseaux@lusfiber.net)> .

1. English and Scientific names: Anna's Hummingbird
2. Number of individuals, sexes, ages, general plumage (e.g., 2 in alternate plumage):  
1 adult female
3. Parish: Lafayette  
Specific Locality: South Lafayette Parish, near Milton
4. Date(s) when observed: FO 11-17-17 to present
5. Time(s) of day when observed: all day
6. Reporting observer and address: Toddy Guidry, 501 Garenne Rd, Lafayette La 70508
7. Other observers accompanying reporter who also *identified* the bird(s):  
Erik Johnson
8. Other observers who *independently identified* the bird(s): Van Remsen, Paul Conover, Phillip Wallace
9. Light conditions (position of bird in relation to shade and to direction and amount of light): all light conditions
10. Optical equipment (type, power, condition): Leica Binos 8X42
11. Distance to bird(s): 10-30ft
12. Duration of observation: extended
13. Habitat: brushy yard, hummingbird feeders

14. Behavior of bird / circumstances of observation (flying, feeding, resting; include and stress habits used in identification; relate events surrounding observation): call distinct, responded to Anna's playback. Fed on natural flowers until freeze, regular at feeders

15. Description (include only what was actually seen, *not what "should" have been seen*; include if possible: total length/relative size compared to other familiar species; body bulk, shape, proportions; bill, eye, leg, and plumage characteristics. Stress features that separate it from similar species, *or for species that are known to hybridize frequently, stress features that help eliminate possible hybrids*):

16. Voice:

17. Similar species (include how they were eliminated by your observation):

18. Photographs or tape recordings obtained? (by whom? attached?): yes attached

19. Previous experience with this species: 1 male 15 years ago.

20. Identification aids: (list books, illustrations, other birders, etc. used in identification):  
Was identified by Erik Johnson at Lafayette CBC originally.

a. at time of observation:

b. after observation:

21. This description is written from:

<input type="checkbox"/>	notes made during the observation.	Are notes attached?	<input type="checkbox"/>
<input type="checkbox"/>	notes made after the observation.	At what date?	<input type="checkbox"/>
<input checked="" type="checkbox"/>	memory		
<input type="checkbox"/>	study of images		

22. Are you positive of your identification? If not, explain: yes after multiple confirmation from experienced birders

23. Date: 1-17-18

Time:

24. May the LBRC have permission to display in whole or in part this report and accompanying photos on the LOS-LBRC website and LBRC Facebook page?

\_\_\_\_\_yes\_\_\_\_\_

If yes, may we include your name with the report? \_\_\_\_\_yes\_\_\_\_\_
