

LOUISIANA BIRD RECORDS COMMITTEE

REPORT FORM

This form is intended as a convenience in reporting observations of species on the Louisiana Bird Records Committee (LBRC) Review List. The LBRC recommends the use of this form or a similar format when submitting records for review to assure that all pertinent information is accounted for. Attach additional pages or files as necessary. Please print or type for hard copy. For electronic copy, be sure to save this file to your computer before entering text. Attach field notes, drawings, photographs, or tape recordings, if available. Include all photos for more obscurely marked species. When completed (if hard copy), mail to Secretary, Louisiana Bird Records Committee, c/o Museum of Natural Science, 119 Foster Hall, Louisiana State University, Baton Rouge, LA 70803-3216, or e-mail electronic copy as an attachment to Paul Edward Conover at <zoiseaux@lusfiber.net> .

1. English and Scientific names: Anna's Hummingbird, *Calypte anna*
2. Number of individuals, sexes, ages, general plumage (e.g., 2 in alternate plumage):
1 individual. Female
3. Parish: New Iberia
Specific Locality: private residence, Creighton Drive, New Iberia
4. Date(s) when observed: December 15, 2024
5. Time(s) of day when observed: 15:08pm
6. Reporting observer and address: Katie B. Barnes, 114 Indian Mound Road, Lafayette, LA 70501
7. Other observers accompanying reporter who also *identified* the bird(s): Erik I. Johnson
8. Other observers who *independently identified* the bird(s): Erik I. Johnson
9. Light conditions (position of bird in relation to shade and to direction and amount of light): Bird captured under federal/state permitting using cage trap method.
10. Optical equipment (type, power, condition): Captured
11. Distance to bird(s): in hand for banding
12. Duration of observation: 20 minutes handling/banding time
13. Habitat: residential

14. Behavior of bird / circumstances of observation (flying, feeding, resting; include and stress habits used in identification; relate events surrounding observation): Feeding at residence, cage trap deployed, and bird captured. Audio recording included.

15. Description (include only what was actually seen, *not what "should" have been seen*; include if possible: total length/relative size compared to other familiar species; body bulk, shape, proportions; bill, eye, leg, and plumage characteristics. Stress features that separate it from similar species, *or for species that are known to hybridize frequently, stress features that help eliminate possible hybrids*): N/A

16. Voice: [recording](#) attached.

17. Similar species (include how they were eliminated by your observation): identified by call, size, and measurements taken at banding

18. Photographs or tape recordings obtained? (by whom? attached?): Yes, recordings by observer. Photos available.

19. Previous experience with this species: Yes.

20. Identification aids: (list books, illustrations, other birders, etc. used in identification):

a. at time of observation: N/A

b. after observation: late submitting this record. Bird was captured and banded, measurements, photos, and audio recording obtained. Banded by Erik Johnson at private residence in New Iberia Parish.

21. This description is written from:

<input type="checkbox"/>	notes made during the observation.	Are notes attached?	<input type="checkbox"/>
<input type="checkbox"/>	notes made after the observation.	At what date?	<input type="checkbox"/>
<input checked="" type="checkbox"/>	memory		
<input type="checkbox"/>	study of images		

22. Are you positive of your identification? Yes. If not, explain

23. Date: 3/29/2025

Time: 15:37pm

24. May the LBRC have permission to display in whole or in part this report and accompanying photos on the LOS-LBRC website and LBRC Facebook page? yes

If yes, may we include your name with the report? yes
