The LBRC also requests documentation for records of any species not currently accepted on the State List. This includes species of captive/introduced origin not currently on the State List or Review List (e.g., Black Francolin and Ring-necked Pheasant). To properly evaluate whether species have become established, it is necessary to receive reports, especially those pertaining to breeding. The LBRC requests documentation for records of the following recognizable subspecies or forms: Yellow-rumped "Audubon's" Warbler, and non-Slate-colored forms of Dark-eyed Junco (e.g., "Gray-headed", "Oregon", and "Pink-sided" types have occurred in Louisiana). Previously listed on Review List, "Great White" Heron and "Red-shafted" Flicker are currently not accepted on the State List.
