

LOUISIANA BIRD RECORDS COMMITTEE

REPORT FORM

This form is intended as a convenience in reporting observations of species on the Louisiana Bird Records Committee (LBRC) Review List. The LBRC recommends the use of this form or a similar format when submitting records for review to assure that all pertinent information is accounted for. Attach additional pages or files as necessary. Please print or type for hard copy. For electronic copy, be sure to save this file to your computer before entering text. Attach field notes, drawings, photographs, or tape recordings, if available. Include all photos for more obscurely marked species. When completed (if hard copy), mail to Secretary, Louisiana Bird Records Committee, c/o Museum of Natural Science, 119 Foster Hall, Louisiana State University, Baton Rouge, LA 70803-3216, or e-mail electronic copy as an attachment to Paul Edward Conover at <zoiseaux@lusfiber.net>.

1. English and Scientific names: CIMPIN (ARZAMIDAE)
2. Number of individuals, sexes, ages, general plumage (e.g., 2 in alternate plumage):
2 - -
3. Parish: TERREBOUNE
Specific Locality: HOLLYWOOD PD
4. Date(s) when observed:
2-3-4-2018
5. Time(s) of day when observed: 3:00 - 1:00 PM
4:00 - 3:00 PM
6. Reporting observer and address:
H. LAWSON HATH, II - TRACELAND, LA
7. Other observers accompanying reporter who also *identified* the bird(s):
MAE HATH
8. Other observers who *independently identified* the bird(s):
-
9. Light conditions (position of bird in relation to shade and to direction and amount of light):
SUNNY DAY, BIRDS FULLY EXPOSED
10. Optical equipment (type, power, condition):
CANON 7D MARK II CAMERA 150-600 ZOOM LENS
11. Distance to bird(s):
30-40 FT
12. Duration of observation:
2 hrs
13. Habitat:
CANE BRUSH IN MARSH
14. Behavior of bird / circumstances of observation (flying, feeding, resting; include and

stress habits used in identification; relate events surrounding observation):

15. Description (include only what was actually seen, *not what "should" have been seen*; include if possible: total length/relative size compared to other familiar species; body bulk, shape, proportions; bill, eye, leg, and plumage characteristics. Stress features that separate it from similar species, *or for species that are known to hybridize frequently, stress features that help eliminate possible hybrids*):

16. Voice: YES

17. Similar species (include how they were eliminated by your observation): NONE

18. Photographs or tape recordings obtained? (by whom? attached?): A. Lawson HA HA
YES

19. Previous experience with this species: NONE

20. Identification aids: (list books, illustrations, other birders, etc. used in identification):

I-BIRD PRO APP

a. at time of observation:

DITTO

b. after observation:

DITTO

21. This description is written from:

<u>N</u>	notes made during the observation.	Are notes attached?	
<u>N</u>	notes made after the observation.	At what date?	
<u>YES</u>	memory		
<u>YES</u>	study of images		

22. Are you positive of your identification? If not, explain:

POSITIVE

23. Date: 2-8-18

Time: 8:29

24. May the LBRC have permission to display in whole or in part this report and accompanying photos on the LOS-LBRC website and LBRC Facebook page?

YES

If yes, may we include your name with the report? YES

A. Lawson
